HEALTH FOR THE STATES.

HOLLOWAY'S PILLS.

EXTRAORDINARY CURE OF LOSS OF HEALTH, DISORDERED STOMACH, INDIGESTION AND DETERIORATION OF BLOOD TO THE HEAD. Copy of a letter from Mr. John Lloyd, of Erie, near Hartech, Merionethshire.

To Professor Holloway:

Sir—I avail myself of the first opportunity of informing you, that for a very long period I was afflicted with a dangerous giddiness and frequent swoonings in the head, attended by loss of appetite, disordered stomach, and generally impaired health. Every means had failed to give me any permanent relief, and at length I became so alarmed that I was really afraid of going about without an attendant. In this melancholy condition I waited personally upon Mr. Hughes, Chemist, Hartech, for the purpose of consulting him as to what I had better do; he kindly recommended your Pills, I tried them without delay, and after taking them for a short time I am happy to bear testimony to their wonderful efficacy. I am now restored to perfect health, and enabled to resume my usual duties. You are at liberty to publish this letter in any way you may think proper. I am, Sir, your obedient servant,

June 6th, 1852. (Signed) JOHN LLOYD.

MIRACULOUS CURE OF DROPSY. DEAR SIR—I deem it a duty I owe to you and the public at large, to inform you of a most miraculous recovery from that dreadful disease, Dropsy, and which, under God, was effected by your invaluable Pills. I was tapped five times within eight months, and skillfully treated by two medical practitioners, but could not get cured, until I had recourse to your remedy, and notwithstanding all I had undergone, this miraculous medicine cured me in the course of six weeks.

(Signed) EDWARD ROWLEY. INFALLIBLE CURE OF A STOMACH COMPLAINT, WITH INDIGESTION AND VIOLENT HEAD-ACHES.

Extract of a Letter from Mr. S. Gowen, Chemist, of Clifton, near Bristol, dated July 14th, 1852.

To Professor Holloway:

DEAR SIR—I am requested by a Lady named Thomas, just arrived from the West Indies, to acquaint you that for a period of eight years, herself and family suffered from continual bad health, arising from disorders of the liver and stomach, indigestion, loss of appetite, violent head-aches, pains in the side, weakness and general debility, for which she consulted the most eminent men in the colony, but without any beneficial result; at last she had recourse to your invaluable Pills, which in a very short time effected so great a change for the better, that she continued them, and the whole family were restored to health and strength. Further, she desires me to say, that she has witnessed their extraordinary virtues in those complaints incidental to children, particularly in cases of Measles and Scarlatina, having effected positive cures of these diseases with no other remedy. (Signed) S. GOWEN.

These celebrated Pills are wonderfully efficacious in the Extract of a Letter from Edward Rowley, Esq., of India Walk, Tubago, dated April 8th, 1852.

The largest traveling EXHIBITION in the world, being a combination of all the most popular and unexceptionable amusements of the age; enlarged and improved for the season of 1853.

A TEAM OF TEN ELEPHANTS

Will draw the great Car of Juggernaut.

A Baby Elephant,

Only one year old, and about 3-4 feet high, will carry upon his back around the interior of the immense Pavilion, the Lilliputian GENERAL TOM THUMB. The magnificent Carriage comprises 110 Horses and 90 men. The Pavilion of Exhibition has been enlarged until it is capable of accommodating 15,000 spectators at once. The collection of living Wild Animals includes the most splendid specimens ever exhibited in America. Among many others will be found

EIGHT BEAUTIFUL LIONS

Fresh from their native Forests. A Monster White Polar Bear, of prodigious size and ferocity. A Magnificent Royal Tiger; the largest one ever captured alive. A Pair of Young Lions; only six months old. An Infantile Camel; only six months of age, the first ever born in America &c., &c. The droves of Elephants were captured in the Jungles of Central Ceylon, by Messrs. S. B. June and Geo. Nutter, assisted by 260 Natives, after a pursuit of many months and four days in the Jungles. They were finally entrapped and secured in an Indian Kraal or large enclosure of dimensions and prodigious strength, where they were subdued. The Calf Elephant accompanied its parent, and was weaned on its passage from India.

P. T. BARNUM,

Proprietor of the American Museum, New York, has the honor to announce, that encouraged by the brilliant success which has attended all his various efforts for the amusement of the public, he has been led to form the project of organizing a vast traveling

MUSEUM OF WONDERS,

Which comprises a greater variety of Attractions, and more extraordinary Novelties, than any traveling exhibition in the world. Every feature of this Mammoth Establishment is of a peculiar and interesting nature, and the whole is produced upon a gigantic scale of magnitude. The traveling paraphernalia of the American Museum, as it enters each town, is produced by the gorgeous CAR OF JUGGERNAUT, drawn by a team of ten elephants, being an accurate model of that terrible engine of idolatrous superstition, which is described in all the extravagances of the Hindoo style. Following this monster vehicle, is a magnificent array of Carriages, the whole forming a spectacle of more than Oriental splendor. The Exhibition will take place within a magnificent Variegated Pavilion, composed of American Flags of various proof texture. The real genuine, original

General Tom Thumb

Is attached to this Exhibition, and will appear in all his performances as given before the principal crowned heads of Europe, including Songs, Dances, Grecian Statues and his admired personations of Napoleon and Frederick the Great. The little General is twenty-one years of age, weighs only fifteen pounds, and is but twenty-eight inches high. Also engaged

Mr. Nellis,

The man without arms, who will execute his extraordinary feats of loading and firing a pistol with his toes; cutting profile likenesses; shooting at a mark with a bow and arrow; playing upon the Accordion and Violoncello. Mr. Nellis, in these performances, exhibits a wonderful example of what indomitable industry and perseverance can accomplish, even when laboring under disadvantages apparently the most insurmountable.

Living Wild Animals,

As exhibited at the American Museum, and at a convenient period during the Exhibition

MR. PIERCE

Will give a display of the Wild Beasts, and give his classical illustrations of History and Geography. He will also exhibit the Lion's Den; Sampson destroying the Lion, &c. One of the most interesting exhibitions is formed by the display of a great collection of

WAX STATUARY.

Of the size of life, of all the Presidents of the United States, and of the most prominent men of the American and Foreign, all of which are accurate likenesses, and are, consequently, of great interest and value. The Establishment is a vast repository of

WONDERFUL OBJECTS OF NATURE AND ART.

Among the objects of which it would be impossible to give a full description in a newspaper advertisement, but which have been brought together at an enormous expenditure of means, forming the largest and most novel exhibition in this or any other country.

The Military Band will perform the most popular pieces of the day, as the procession enters town, and also during the hours of Exhibition.

NEW GROCERY!

At the old stand, the Baltimore Store, nearly opposite the City Hotel, where may be found a good assortment of groceries at the lowest prices. And when they can be had better, we will supply them. And for all of which the highest market price in cash will be paid, and sold as low as any other house in the city. I respectfully ask my friends and the public generally to call and see me before purchasing elsewhere.

KIDWELL'S

COMPOUND FLUID EXTRACT OF Beech Drop, or Cancer Root,

which gradually extended over her whole body. The character of the disease was so violent that we despaired of saving her. She died some over her mother's head, and after using our eyes, and taking a lot of bottles of Kidwell's Compound, and a great quantity of Symplicated Balsam, some one directed John Kidwell to use. He was confident of the success of the Extract of Beech Drop, and I used it. In three weeks her body was all healed; and her mind, so horrible in the night, was soon cleared up. She is married now, and blessed with a healthy family; and has not had the least return of her disease since.
